**SETTLEMENT AGREEMENT**

For the purpose of disposing of the claims asserted by plaintiff and the members of the class represented by plaintiff, without any further judicial proceedings and without there being any trial or adjudication of any issue of law or fact, and without constituting an admission of liability on the part of the defendant, and for no other purpose, the parties stipulate and agree as follows:

1. On or about August 13, 2012, plaintiff, Silver Buckle Mines, Inc. (SBM), timely paid maintenance fees to the United States Department of the Interior, Bureau of Land Management (BLM), in relation to 72 unpatented lode mining claims situated on Federal lands. BLM applied SBM's payment to the 2013 assessment year, which began on September 1, 2012.

2. On July 16, 2013, SBM filed this suit asserting that BLM lacked legal authority to collect these fees. SBM alleges that maintenance fee payments made in 2012 for assessment year 2013, in relation to lode mining claims, mill sites and tunnel sites located before August 10, 1993, were paid in contradiction to Section 430 of the Consolidated Appropriations Act of 2012.

3. On May 23, 2017, the Court granted SBM's motion for summary judgment, denied defendant's cross-motion for summary judgment, and granted SBM's motion to certify a

class. In addition to certifying the class, the Court also appointed Frank R. Siderius of Siderius Lonergan & Martin, LLP as Class Counsel pursuant to Rule 23(g) of the Rules of the United States Court of Federal Claims (RCFC).<sup>1</sup> On February 2, 2018, the Court denied the Government's motion for judgment on the pleadings.

4. As amended (ECF No. 128), the class definition is as follows:

With respect to an unpatented lode mining claim, unpatented mill site, or unpatented tunnel site located pursuant to the mining laws of the United States prior to August 10, 1993, for which a claim maintenance fee for such claim or site for assessment year 2013 was timely paid to the United States Secretary of the Interior, each and every person who, at the time of such payment, was the holder of all or any part of such claim or site, unless a waiver under 30 U.S.C. § 28f(d) pertaining to the claim or site was in place for assessment year 2013.

5. On August 7, 2018, the Court approved the parties' preliminary joint proposed class notification plan and appointed KCC Class Action Services LLC (KCC) as the Class Action Administrator (the "Administrator").

6. Following class certification and issuance of class notice, the opt-in period closed on January 18, 2019. The Administrator received 373 opt-in forms, including 103 forms submitted by Internet. The Administrator reviewed the submitted claims and compiled a report matching claimants to BLM records listing mining claim holders and related information. Duplicate and ineligible class action claims were reviewed for elimination. The parties have reviewed the class action claim information and have agreed that from the total number of opt-in forms submitted, 16,818 unpatented mining claims and sites, submitted by 196 claimants, fall within the class definition. "Settlement Class Members," as used in this Settlement Agreement,

---

<sup>1</sup> On December 7, 2023, the Court granted plaintiff's motion for Michael E. Siderius, also of Siderius Lonergan & Martin, LLP, to replace Frank R. Siderius as class counsel in this matter.

refers to these 196 unique claimants. Each Settlement Class Member is identified in Exhibit A attached hereto. Exhibit B to this Settlement Agreement lists the mining claims and sites in this settlement as to which the Settlement Class Member asserts it is a holder of the mining claim or site.

7. The parties have entered into discussions to attempt to resolve all claims contained in the complaint for maintenance fee refunds with respect to the Settlement Class Members. The parties have agreed that, for each eligible mining claim or site indicated in Exhibit A, the Government will pay \$140.00.

8. Based upon the per-mining-claim-or-site agreement described in the preceding paragraph, plaintiff has offered on behalf of the Settlement Class Members to settle all claims of the Settlement Class Members, including the plaintiff, in exchange for payment by the United States of a total of \$2,354,520.00, inclusive of all damages, attorneys' fees and out of pocket expenses to the end of the case, and all administrative fees and costs to the end of the case (the "Settlement Amount").

9. The offer as set forth in paragraph 8 above has been accepted on behalf of the Attorney General, subject to the Court's approval.

10. Upon payment of the Settlement Amount set forth in paragraph 8, all Settlement Class Members, including plaintiff, release, waive, and abandon all claims against the United States, its political subdivisions, its officers, agents, and employees, arising out of the complaint or otherwise related to this case, regardless of whether they were included in the complaint, including but not limited to any claims for costs, expenses, attorneys' fees, administrative fees and costs, and damages of any sort.

### Disbursement of Settlement Amount

11. This Settlement Agreement applies only to those “Settlement Class Members” as defined in paragraph 6, as well as Michael E. Siderius as Class Counsel and KCC as the Administrator.

12. The Administrator will establish a Settlement Trust, designated the “SBM Class Qualified Settlement Trust” (the “Settlement Trust”) to disburse the proceeds of the settlement. The administration and maintenance of the Settlement Trust will be the sole responsibility of the Administrator.

13. Following approval by the Court, as described in the “Fairness Hearing” portion of this Settlement Agreement, the United States will pay the Settlement Amount, to the Settlement Trust. The parties agree that, unless otherwise specified herein, the United States’ obligations and duties to plaintiff and to the Settlement Class Members under this Settlement Agreement will be fully satisfied upon payment by the United States of the Settlement Amount to the Settlement Trust. The United States makes no warranties, representations, or guarantees concerning any disbursements the Settlement Trust makes, or fails to make, to any potential claimants. If any Settlement Class Member has any disagreement concerning any disbursement, the class member shall resolve any such concern with the class Administrator and Class Counsel.

14. Within fifteen (15) days of receipt of this amount, the Administrator will pay from the Settlement Trust the Administrator’s fees or costs approved by the Court, attorneys’ fees and costs awarded to Class Counsel, administrative fees and costs, and other settlement-related costs (the “Settlement Fees and Costs”). These Settlement Fees and Costs total \$595,904.00 which includes \$470,904.00 fees and costs to Class Counsel (20%) and \$125,000.00 to the Class Administrator, and shall be charged to Settlement Class Members on a *pro rata* basis. Each

Settlement Class Member's *pro rata* obligation for Settlement Fees and Costs is indicated in Exhibit A. The remaining amount after payment of Settlement Fees and Costs will be the "Net Settlement Fund."

15. All payments to Settlement Class Members will be paid from the Net Settlement Fund. From the Net Settlement Fund, the Administrator will pay Settlement Class Members a prorated portion of Net Settlement Fund proceeds, based on the number of mining claims and sites associated with the Settlement Class Member, less a pro rata portion of Settlement Fees and Costs as set forth in Exhibit A to this Settlement Agreement.

16. The Administrator will make payments in the form of a check from the Net Settlement Fund, mailed to the last known address of each Settlement Class Member who has provided a Taxpayer Identification Number (TIN) (Social Security Number or EIN). As a condition to payment by the Administrator, the Administrator must first provide the Government with the TIN for the Settlement Class payee. The Notice of Settlement to Class Members provided in paragraph 21 shall include notice that receipt of a TIN by the Administrator is a condition to settlement payment. The Administrator shall provide to the government a list of all TINs received prior to the Fairness Hearing. If a Settlement Class Member's settlement payment check is returned as undeliverable, the Administrator shall make a reasonable attempt to locate a mailing address for that Settlement Class Member and re-mail the check once, but only if the check is returned within sixty (60) days of the date it was mailed.

17. In the event the Administrator is unable to locate a valid mailing address, after undertaking the efforts discussed in paragraph 16, the amount represented by that check shall revert to the Net Settlement Fund. In the event a Settlement Class Member loses, destroys, or is unable to take possession of a settlement payment check, the Administrator will void the original

check and then reissue a new check to the Settlement Class Member, but only if a request to reissue the check is made by the Settlement Class Member within ninety (90) days of the issuance of the original check. Any such request must be sent by mail to the Administrator.

18. If any settlement payment check remains uncashed ninety (90) days after issuance, that check shall be void, and the amounts represented by that uncashed check shall revert to the Net Settlement Fund.

19. After paying all approved claims and all items listed in paragraphs 14 and 15, the Administrator shall return any amount that remains in the Settlement Trust to the United States, with a cover letter attaching this Settlement Agreement and identifying the amount returned pursuant to this paragraph. The letter and any returned proceeds shall be addressed to: Department of Justice, Civil Division, Attn: Director, National Courts Section, P.O. Box 480, Ben Franklin Station, Washington, D.C. 20044.

#### Fairness Hearing

20. As soon as possible and in no event later than twenty (20) business days after the execution of this Settlement Agreement, Class Counsel shall submit to the Court a motion for preliminary approval of the settlement contemplated by this Settlement Agreement. The motion shall include (a) the proposed form of the order preliminarily approving this Settlement Agreement, and (b) the proposed forms of notice of the settlement to the Settlement Class Members by a post card notification; by email to those Settlement Class Members who have provided email addresses; and by posting on the Internet website maintained by the Administrator at <http://\miningfeerefundclassaction.com> (the "Case Website"). Class Counsel shall request that a decision on the motion for preliminary approval of the settlement and on the proposed forms of notice of the settlement be made promptly on the papers or that a hearing on

the motion for preliminary approval of the settlement be held at the earliest date available to the Court.

21. Within ten (10) days of the Court's preliminary approval of this Settlement Agreement and of the proposed notice to the Settlement Class Members of the terms of this Settlement Agreement by posting on the Case Website maintained by the Administrator, the Administrator shall notify all Settlement Class Members of the terms of this Settlement Agreement, the procedures for allocating and distributing funds paid pursuant to this Settlement Agreement, the date upon which the Court will hold a "Fairness Hearing" pursuant to RCFC 23(e), and the date by which Settlement Class Members must file and serve their written objection, if any, to the Settlement Agreement.

22. Any Settlement Class Member may express to the Court their views in support of, or in opposition to, the fairness, reasonableness, and adequacy of the proposed settlement. If a Settlement Class Member objects to the settlement, such objection will be considered only if received no later than twenty-one (21) days following the notice date described in paragraph 21. The objection shall be filed with the Court, with copies provided to Class Counsel and defendant's counsel, and the objection must include a signed, sworn statement that (a) identifies the case name and number; (b) describes the basis for the objection; including all citations to legal authority and evidence supporting the objection; (c) contains the objector's name, address, and telephone number, and if represented by counsel, the name, address, email address, and telephone number of counsel; (d) indicates whether the objector has filed a claim form and opted in to the case; and (e) indicates whether the objector intends to appear at the Fairness Hearing.

23. Class counsel and defendant's counsel may respond to any objection within ten (10) days after receipt of the objection.

24. Any Settlement Class Members who submit a timely objection to the proposed settlement may appear in person or through counsel at the Fairness Hearing and be heard to the extent allowed by the Court. Any Settlement Class Members who do not file and serve written objections in the manner provided in paragraph 22 shall be deemed to have waived such objections and shall forever be foreclosed from making any objections (by appeal or otherwise) to the proposed settlement.

25. After the deadlines for filing and serving objections and responses to objections have lapsed, the Court will hold the Fairness Hearing at which it will consider any timely and properly submitted objections made by Settlement Class Members to the proposed settlement. The Court will decide whether to approve the Settlement Agreement, and any award of reasonable charges and expenses to be paid to the Administrator and Class Counsel. The parties shall request that the Court schedule the Fairness Hearing no later than forty-five (45) days from the notice date described in paragraph 21.

26. If this Settlement Agreement is not approved by the Court in its entirety, this Settlement Agreement will be void and of no force and effect whatsoever.

#### Wrap-up Of Settlement Trust And Conclusion Of The Case

27. Within one hundred eighty (180) days of the date upon which the Administrator mails the last settlement check or the last re-mailed settlement check pursuant to paragraphs 16 and 17, including any replacement checks, the Administrator will provide the parties, through the parties' attorneys of record in this matter, with a full and final written accounting of all payments made from the Settlement Trust, including any funds returned to the United States. Within fifteen (15) days of the date that accounting is sent to the parties, the parties will confer to determine whether they are satisfied with the accounting. If not, they will attempt in good faith

to resolve any dissatisfaction with the Administrator. If either party is not satisfied after such good faith efforts, either party may petition the Court to resolve the matter.

28. Promptly after the parties agree that they are satisfied or promptly after the Court resolves any dissatisfaction, Class Counsel agrees to stipulate jointly with defendant to the dismissal of this case with prejudice.

Miscellaneous Terms

29. This Settlement Agreement is for the purpose of settling this case, and for no other purpose. Accordingly, the terms of this Settlement Agreement shall not bind the parties, nor shall it be cited or otherwise referred to in any proceedings, whether judicial or administrative in nature, in which the parties or counsel for the parties have or may acquire an interest, except as is necessary to effect the terms of this Settlement Agreement.

30. The Settlement Class Members warrant and represent that they have not filed any other action or suit with respect to the claims advanced in this suit in any other court, administrative agency, or legislative body. "Claims advanced in this suit" means claims arising from payment of mining claim maintenance fees for the 2013 assessment year. The Settlement Class Members further warrant and represent that they have made no assignment or transfer of all or any part of their rights arising out of or relating to the claims advanced in this suit. Each Settlement Class Member further warrants and represents that the Settlement Class Member is authorized to fully settle all claims arising out of or relating to the claims advanced in this suit with respect to every mining claim or site listed in relation to that Settlement Class Member in Exhibit B. Should there be now or in the future any violation of these warranties and representations, any amount paid pursuant to this agreement by the United States to any such Settlement Class Member(s) who violated a warranty or representation shall be refunded

promptly by such Settlement Class Member(s), together with interest thereon at the rates provide in 41 U.S.C. § 7109, as computed from the date the United States makes payment.

31. This agreement is in no way related to or concerned with income or other taxes for which Settlement Class Members, Class Counsel, or the Administrator are now liable or may become liable in the future as a result of this agreement.

32. This Settlement Agreement sets forth the entire agreement of the parties with respect to the subject matter hereof as to all Settlement Class Members. No modification or addition to this Settlement Agreement or waiver of any right herein will be effective unless it is approved in writing by counsel for the parties and by the Court.

33. The parties agree that each fully participated in the drafting of this Settlement Agreement, and therefore, no clause shall be construed against any party for that reason in any subsequent dispute.

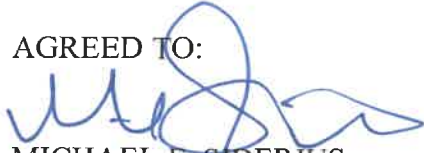

34. In the event that a party believes that the other party has failed to perform an obligation required by this Settlement Agreement or has violated the terms of the Settlement Agreement, the party who believes such a failure has occurred must so notify the other party in writing and afford it forty-five (45) days to cure the breach, prior to initiating any legal action to enforce this Settlement Agreement or any of its provisions.

35. Class Counsel represent that they have been and are authorized to enter into the agreement on behalf of plaintiff and the Settlement Class Members.

36. This document constitutes a complete integration of the Settlement Agreement

between the parties and supersedes any and all prior oral or written representations, understandings or agreements among or between them.
